WINE EXPERIENCE

Book a wine-tasting in one of the charming Valtenesi wine cellars. Ask about the tours available during your stay in Reception.

CA' GRANDA

In the age-old cellars of Fattoria Ca' Granda, which still retains a 15th century structure, fine grapes have been vinified since the early 1800s, produced in the estate vineyards on the Garda hills.

CONTI THUN

Originally from Bolzano, they had long harvested their indigenous Sauvignon Blanc grapes and brought them to the Cantina Sociale. In 2008 they decided to create the first Conti Thun label in Lene Thun's honour, the woman who started the THUN ceramics business.

DELAJ

Located on the morenic hills of Garda Lake in Puegnago sul Garda, their company has plots of land in various locations in the Valtenesi and obtains grapes with different characteristics, producing wines with extreme complexity.

MONTONALE

Montonale was born from an ancient family farming tradition that blossomed on the hills of Desenzano del Garda. The first Lugana arrived with the 2004 vintage, and in 2005 the family planted another five hectares of vineyards in Turbiana.

PERLA DEL GARDA

Perla del Garda, based in Lonato del Garda, has an ambitious mission: to bring the vineyard back to the moraine hills. the activity is handed down from generation to generation, always maintaining genuine simplicity. Every grape is hand-picked.

BEER EXPERIENCE

A guided tour of the most famous local breweries is the ideal choice for those who want to discover the characteristics of an authentic craft beer. Book your tasting accompanied by the narration of the master brewers, to get to know in detail their history, the production phases and the food combinations for these products.

Magis Brewery, located in Desenzano del Garda, produces both high and low fermentation beer. This microbrewery pays great attention to the selection of raw materials, to obtain unrepeatable taste sensations.

Felice Brewery, born in an old cellar in the historic centre of San Felice, works with local and seasonal ingredients. It brews its beers using only water, malted cereals and hops from its own hop garden. His special beers are inspired by the flavours of Lake Garda.
